

Schindler stands for Mobility, Mobility needs Experts.  
You will strengthen our team in Taiwan :

## Schindler Career Development Program 人才培育計劃-儲備工程師

Schindler moves more than 700 million people a day around the world- with elevators, escalators and innovative mobility solutions. Nearly 40,000 employees in over 100 subsidiaries on all continents are behind this success.

Our team develops mobility solutions today for what we need tomorrow.

### Mobility is the objective :

You conduct audit assignments worldwide and provide.

- The trainee will be assigned to NI or EI Dept. as Engineer, according to individual competence. (NI: New Installation. EI: Existing Installation)
- Three stages structured, on-the-job training will be provided.
- Systematic rotation between career tracks.
- International exchange opportunity for two years.
